

Introduction

This policy tells you:

This policy sets out mhs homes group position on managing environmental impacts created by its working activities.

Who needs to know?

Everyone - all employees and contractors working on behalf of the company. Our customers, communities and members of public who may be affected by our work.

This policy applies to our management of contractors but does not apply to the work they carry out and their environmental impacts. If necessary we'll request and assess our contractors environmental policy and aspects and impacts register.

To make sure company and public awareness of this policy, it will be displayed in a prominent position within the organisation and, on our website so that it's accessible by the public. If required to do so by an interested party, we shall communicate our environmental aspects or any other part of our environmental management system.

Scope

The provision, management and maintenance of tenanted and leasehold properties and estates including supported accommodation. Management of new property development.

Policy

Environmental statement

mhs homes recognises that its activities have an impact on the environment through the use of raw materials, emissions to air and water, waste generation, and seeks to minimise this as far as is reasonably practical.

It's mhs homes' policy to manage our business in the most environmentally responsible manner and to comply with the applicable environmental legislation and with any other requirements necessary, in relation to the environmental aspects of our business.

This policy is documented, implemented, maintained and communicated to all employees and sub-contractors working on behalf of the company through regular information on the status of our environmental system.

mhs homes is committed to;

1. Continually monitor the environmental impact of our operations, minimising landfill

waste.

2. Continually monitor our improvement through objectives and targets.
3. Continuous improvement and the prevention of pollution, recycling and exceeding our customer's expectations wherever possible.
4. Implement the necessary control measures to protect the natural environment, setting objectives and targets in appropriate areas to support our overall commitment to continual improvement.
5. Ensure that all employees have received suitable and sufficient information and instruction to act with due consideration for the environment.

mhs homes has implemented its environmental policy through management of all activities identified as impacting directly or indirectly on the environment. This includes:

- **Reduction and Disposal of Waste** including reduction of the use of polluting substances
- **Education** of staff and service users
- **Consumption** of energy and resources

The principles of this approach are embedded in the organisation's strategic vision and company objectives.

Roles and Responsibilities
